Concurrent Disorders Program

Utilizing a harm reduction approach, we provide counselling for young people up to 18 years of age who are experiencing a mental health issue and a substance use concern. We also offer support to parents/guardians of these identified youth.

This program will help you identify and achieve goals as you work to minimize the impact of the youth's substance abuse and/or mental health challenges. You may receive these supports in individual and/or family sessions.

Our Team will work with you to ensure that you receive the most suitable supports.

If you need more information, please contact us at 519-337-3701.
